# This Is to Be \$25 Suit Week--Great Stocks and Instant Service Ready

"Quality is a much-used and abused word. There is but one best, and everybody claims to have the best. If printers would charge one hundred times more to print a false claim than a true one, it would be as apparent as cream on milk.

You cannot see quality, though you may see the cause of it, but always you can see signs of quality. The first sign is endorsement. The class of people that use it, and what they say about it. The next sign, is reputation, the class of people that make it, and what they prove of their claim for it.

Buyers should look deep enough beyond the multi-covered label or high enamel finish, away on the inside suspended amid processes, principles, material, construction, workmanship to find the spirit—the quality—of the goods.

What's built on foundation of quality, stands.

## FESTIVAL

Of the Reformation to Be Ob-  
served with Service in Lo-  
cal Lutheran Church.

"The Festival of the Reforma-  
tion" one of the most important  
events of the Protestant churches  
will be celebrated by the members  
of St. Mark's Lutheran church on  
the evening of October 31, which  
is known as "All Hallows' Eve" or  
the Eve of All Saints Day in the calen-  
dar of the Roman Catholic church.  
A special sermon on the observance  
is to be preached in the local Lu-  
theran church by its pastor, the  
Rev. W. L. Houser.

It was on that evening, three hun-  
dred and ninety-eight years ago that  
Martin Luther nailed his famous  
Ninety-five Theses on the door of  
the Castle church of Wittenburg.  
The church is still standing—now  
Protestant—but the original doors  
to which Luther nailed the historic  
document have been replaced with  
ones of bronze, on which are en-  
graved the text of the immortal

ninety-five ordinances.  
Two years hence, October 31,  
1937—will occur the four hundred-  
th anniversary of this event, which  
will be elaborately celebrated  
throughout all Christendom by the  
Protestant churches.
